■ Toby Tortoise Returns ■

While Toby Tortoise worked and trained
And practiced—getting fit—
Max Hare just laughed and loafed and played,
And didn't train a bit.

He knew the tortoise had no chance
Against his lightning speed,
And so he waved down to his friends:
"One punch! That's all I need!"

But Toby Tortoise didn't brag—
And when the fight was on,
He took his corner quietly
And waited for the gong.

The bell! And Maxie flashed across
The ring—and swung—and missed—
And ran, with all his blinding speed,
Right into Toby's fist!

Max didn't hear the referee
Count slowly up to ten,
He'd bragged too long, too loud, too soon—
And Toby won again!
